

DECEIT AND CRIME CARRIED OUT BY THE UK PATENT OFFICE.

Sixth Attempt to file Patent application through Online Filing UK Patent Office.

This document proves that the UK Patent Office have criminally imposed a block upon me from filing my work because I have exposed their criminal activity of defrauding patent rights and conspiring with worldwide firms to undermine the United Kingdom economy and everyone's investments in to IP rights and innovation.

The following pages show proof that I have been unable to file my work in 2022 after I exposed crime being carried out by the Patent Office.

I have copied and pasted a walkthrough of my six attempt to file this application online after the illegal block was imposed and which the Office refuse to remove, despite me catching and exposing more deceitful and fraudulent statements being made by the Office. I now have these statements and evidences in a transcript from a hearing at the Office on 6th June 2022. There are also letters authored by the Office between March 2022 to June 2022 authored to try to evade liability which is also a criminal offence. There are also emails between the same period of time proving my allegations.

Follow the screenshots below of my application using the online filing system which was made without any errors at all and yet the final submission has been deliberately blocked. I have been filing online for over a decade and even in January 2022 with at least four other applications until the illegal block was imposed. See for yourself !!

Intellectual Property Office

Apply for a UK patent

Before you apply

Patents are the most difficult form of Intellectual Property to obtain and the most expensive for you to enforce. Before you apply for a patent, we recommend you read our guide ['Before you apply for a patent'](#).

You should pay specific attention to the following:

- even if your application is successful, it will take years before your patent is granted
- you will be responsible for taking any legal action to enforce a granted patent, including paying any costs incurred
- an [annual renewal fee](#) must be paid to keep a granted patent in force; from 6 April 2018 rises to £610 for the 20th year.

Only 1 in 20 applications filed without the help of an IP professional successfully reach grant. If you have not already done so, we strongly recommend you seek the advice of an attorney before applying for a patent.

You can find a local patent attorney at www.cipa.org.uk.

If you would like to discuss the patent application process you can telephone us on 0300 300 2000.

I confirm I have read and understood the above and wish to continue

Apply for a UK Patent - Form 1

Step 1 of 14

Your reference

Reference:

Your reference
If you choose to provide a reference, it will be used whenever the IPO (Intellectual Property Office) contact you.

Priority Document Access Service (PDAS)

Do you want a copy of this application to be made available for PDAS ?

Yes
No

Priority Document Access Service
Is a secure digital library of priority documents stored at the World Intellectual Property Organization (WIPO).
By selecting 'Yes' you consent to the IPO transmitting an electronic copy of this application to WIPO to be digitally stored and made available to other participating Patent Offices via the secure PDAS system.

Intellectual Property Office

Step 6 of 14

Reason for late declaration of priority

Why was the declaration of priority not made within the period specified?

Serious and Organised crime being perpetrated against me in a GBP 25bn fraud of my work which has destroyed my life and ruined my work. There is a serious complex fraud investigation being carried out by City of London Police. I am now trying to refile my work to try to restart my business and career.

Warning

Supporting evidence is needed. This may be added now by clicking "Previous" and using the Attachment facility.

Intellectual Property Office

Step 7 of 14

Copies and certificates

Do you wish to purchase certified copies of this application?

Yes

No

Do I need a certified copy of my application?

A certified copy of your application may be required:

- * When applying for a patent abroad;
- * When needed as evidence in a court of law; for example, if you are involved in legal action to enforce or defend your patent rights;
- * To prove details about a patent or application.

Copies and certificates

Only certified copies of the application as filed can be supplied. The relevant fee must be paid on submitting the application.

System error

Message :

FAO: Mr. Tim Moss - Chief Executive,
I have attempted to file my work again online 31st July 2022.
Your Office has still maliciously, deliberately and intentionally blocked access to the online filing system. I have now taken screenshots all the way through the application and I will now be issuing criminal charges against your Office.

Summary next page:

Readers:

The United Kingdom Patent Office and the people ultimately controlling it are running a black-market in IP rights to cheat and defraud investors and anyone filing IP rights. This is the only conclusion that can be drawn from events that have happened.

I tried filing the above application 5 times on two or three different computers and the UK IPO have criminally blocked me from filing my work in retaliation to exposing their organised crime.

I also sent the application twice by registered post/mail directly to the Chief Executive Tim Moss who refused to respond. Instead he passed it to his legal advisors who then falsified dates on letters to try to make it look like I hadn't replied to issues that had not yet happened at the time they claim they authored the letters, In addition, the applications I sent by registered post were signed for using the name 'PERRY' which is my surname. I have demanded that the Patent Office provide any proof that the person that signed for the letter has the name PERRY because if they don't this is another fraud against me by the Office.

The upshot of the situation is that the Office are doing everything they can to refuse to allow me to file my work to inflict as much emotional pain upon me as they can and to prevent me from restarting my business and career. This is serious Human Rights abuse and constitutes crimes against humanity.

I have used the online filing system to file my work for over ten years and the only problem I have had with it (as far as I can remember) is that at one time the system was so bad it only allowed 5mb of documents to be uploaded and hence it kept failing and crashing. I can assure the reader that there are not any problems with my files, there are not any problems with my computer nor the other 2 to 3 computers I tried filing from; both in the UK and abroad.

I reported this matter to Gwent Police who claimed they didn't have any power over the Patent Office. I also reported my allegations to the Serious Fraud Office again in 2022.

I will be issuing criminal charges in relation to this matter for Malicious Intent, Deception and Evasion of Liability by Deception. I will also be making a claim for an injunction to remove the illegal block that has been imposed.

Their conduct and behaviour is disgraceful, sleazy and very sinister. It undermines investment and my talent as well as the UK economy and is abusive, degrading and humiliating treatment under the Human Rights Act 1998.

Details of the other applications and dispute with the Office and also the 6th June hearing tapes can be found at: www.fencebrackets.com and also at: www.richardperry-versus.com - I have not yet updated the information on the versus website since 2020 because I was awaiting evidence and proof of judicial crime against me which I now have. I also have undeniable evidence that the Patent Office criminally conspired with the Bristol Official Receiver to do everything they could to prevent me from having my patents returned or reinstated or saved. These documents will also appear on the website once I have updated it.

PUBLIC WARNING: DO NOT INVEST YOUR MONEY IN THE UNITED KINGDOM IF IT HAS ANYTHING TO DO WITH INTELLECTUAL PROPERTY RIGHTS BECAUSE YOU WILL BE CHEATED AND DEFRAUDED AND YOU WILL BE DRIVEN TO YOUR DEATH THROUGH THE TERROR AND SUFFERING AND MISERY THESE PEOPLE CAUSE AND INFLICT IF YOU TRY TO DO SOMETHING SPECTACULAR WITH YOUR LIFE AND TALENT.

Richard Perry
